

VIRTUALIZATION TOUR

at victory park

Paranet, the locally based provider of comprehensive IT services to organizations across North America, invites you to attend a **fast, informative and fun briefing** on the hottest topic in IT today – **virtualization**. Join us in the heart of Dallas on December 5 at Victory Park.

In addition to covering subjects like “The ROI of virtualization – hype or reality?” you’ll be treated to a complimentary happy hour with appetizers while meeting and mingling with the good folks at Paranet and your corporate compadres. Bring your toughest business-oriented and technical virtualization questions and Paranet will help you begin to understand how virtualization is a must-have for your IT environment TODAY!

THE AGENDA

- Introduction to Paranet (10 minutes)
- The economics of virtualization - A top-down view of ways to strategically optimize your IT operating environment expenditures (15 minutes)
- Phasing in virtualization deployment (10 minutes)
- The ROI of virtualization - hype or reality? (5 minutes)
- Q&A (15 minutes)

THE DETAILS
