thanks to the advanced care  
provided at  
Bacharach's Hearing Centers.*

## HEARING SERVICES AT BACHARACH

Bacharach's Hearing Center provides a full spectrum of hearing services for adults and children.

- Complete evaluation services
- Auditory brainstem evoked response testing
- Otoacoustic emissions testing (OAE)
- Custom hearing aids
- State-of-the-art digital technology
- Assistive listening devices
- Auditory processing evaluations
- Computerized balance testing
- Education and support groups

## COMMITTED TO HEARING CARE

Hearing impairment can spring from a variety of causes, including aging, birth defects, injury or infection. The Bacharach team of licensed, certified doctors of audiology and hearing aid specialists is focused on one thing: improving quality of life through better hearing. They bring years of experience and cutting-edge technical expertise to every patient.

## PEDIATRIC SPECIALISTS

Bacharach offers more pediatric hearing services than any other facility in the region. That's good news for families looking to get excellence in hearing care without having to drive hours to find it.

- Newborn hearing assessments
- Pediatric hearing aid fitting
- Direct working relationship with child's school system
- On-site speech and language therapy at our main campus

## HEARING AID EXPERTS

Today's hearing aids offer a wide range of solutions in thousands of configurations. Bacharach's Hearing Center team applies the diversity of technology to each individual case for the best possible result. From traditional hearing aids to digital devices with advanced filtering and automatic volume control, the Bacharach team custom tailors the best choice in hearing aids for each patient.

From custom fitting to education, training and follow-up the Bacharach Hearing Center delivers complete hearing aid services.

## AND MORE

The Hearing Center is also equipped to identify and manage problems associated with the complexities of the inner ear, including vertigo and balance issues. Bacharach's audiologists will work directly with your doctor.

Continuing education is a key component of services offered, both for patients and their families and caregivers.

And the Hearing Center staff can offer techniques in assistive listening – adapting telephones, television, radio and other appliances to better serve those with hearing deficits.

Se habla Español! Bacharach offers special services for Spanish-speaking clients.
