

# BeavEx

# 25 YEARS

OF FINANCIAL SERVICES LOGISTICS  
& TRANSPORTATION SOLUTIONS

## Why BeavEx: On time, under budget and secure

- **Experience & expertise:** We service more than 20 of the top banks in the U.S.
- **Flexible check transportation services:** Live or truncated custodial control, same day or next day delivery models, national and local capabilities - trust us to provide the right solution. With 25 years' experience helping retail branch networks, we've evolved as our customers' needs have changed.
- **Superior compliance and security:** Our annual audit results are exemplary. With regulatory scrutiny tighter than ever, BeavEx provides peace of mind.
- **Proven solutions:** We understand image exchange platforms, the capabilities of returns and exceptions departments, the critical importance of SLAs and your need to reduce operational costs.

## Helping in multiple ways

- **Fine-sort mailrooms:** Easily substitute our cost-effective services as your transportation needs change.
- **Inexpensive post office services:** We'll pick up your lockbox mail and deliver to your processing center. This is the perfect inexpensive and easy way to try us.
- **ATM services:** With more than 100 locations across the U.S., we'll handle ATM transportation, storage and coordination with your rigging company.
- **Critical spares:** Need quick access to spare currency counters, pin pads or backup IT assets? We'll store those parts and others in regional distribution centers for on-demand delivery. We do this for some of the largest technology companies in the U.S. and can certainly do it inexpensively and reliably for you.
- **Nationwide distribution:** From marketing materials to IT refreshes, we'll build and execute a distribution network to meet your timeline, budget and SLA.

## For increased performance contact BeavEx today

A privately held, asset-based logistics services provider, BeavEx offers an easily configurable blend of logistics technology, optimized processes and hardworking people who streamline supply chain operations. As a result you get increased performance, aggressively managed costs and logistics solutions that accommodate growth and changes in your business.
